### ACCESS

There are no intellectual restrictions on access to this collection. Much of the newspaper material is extremely fragile and physical access is limited.

### PROVENANCE NOTE

The items in this collection were acquired through donations by individuals and institutions, and by acquisition. Because of the uncertainty of provenance, items in this collection may have been part of the Jan Hartmann or Max Knight collections. See those collections for further information.

### SCOPE AND CONTENT NOTE

This artificially created collection is comprised of periodicals, including magazines and newspapers, from the Holocaust Era. They include Nazi organ publications; resistance periodicals from France, Holland and Belgium; Austrian, German and French publications in exile; and American and British newspapers and magazines.

The collection features such Nazi propaganda newspapers such as *Der Sturmer*, *Der Angriff*, *Volkische Beobachter*, and *Das Reich* (full runs of 1942 and 1944), as well monthly and weekly periodicals, including *Volk und Rasse*, *Rasse*, *Geo-Politik* and *Odal*. Small quantities of other newspapers and magazines – *Der Adler*, *Berliner Morgenpost*, *Die Wehrmacht*, *Berliner Illustrierte Zeitung* (including one bound volume) among them – are also represented. Other items of note include 3 issues of *Der Fuhrer*, a early Nazi publication from 1928, and fragments from *Das Schwarze Korps*, the SS organ. There are also several single copies of a number of German newspapers from the period of March 1933 (shortly after the burning of the Reichstag and during the period when the German parliament passed the Enabling Act, setting the stage for the Nazi dictatorship that followed soon after), as well as various newspapers and magazines of the period.

Newspapers of the French resistance include numerous single- and multi-page publications, representing a multiplicity of groups. These include *Liberation*, *Journal Officiel de la France Combattante*, *La Voix du Maquis: Bulletin des Forces Francaises de l'Interieur*, *Le Franc-Tireur: Organe des Mouvement de Resistance Unis*, *Les Lettres Francaises: Revenue des Ecrivains Francais*, *L'humanite: Organe central de Parti Communiste Francais*, and many others. Dutch and Belgian resistance newspapers include *Paraat*, *Radio Oranje Organ Voor Strijdend Nederland* and *Le Libre Belgique*.

## Periodicals Collection

The collection includes several magazines, published in English, which were the products of European anti-Nazi groups. These include the *Austro-American Tribune: Anti-Nazi Monthly*, *Free France* and *Belgium*. Also represented are native language papers published abroad in England and the USA, such as *La France Libre*.

Several individual issues of American and British newspapers are also included in the collection, including an issue of *Daily Telegraph & Morning Post* describing Kristallnacht, and several reporting on the death of Hitler. There are also several single issues of American newspapers reporting on the establishment of the state of Israel.
